

VRCA Mission Statement

VRCA is dedicated to serving our members by enabling them to compete effectively in a stable, efficient and profitable industry by:

- o Actively representing the interests of the construction industry and providing leadership on all matters associated with construction;
- o providing relevant and timely educational programming and through the sharing of information;
- o Promoting and encouraging the use of acceptable standard practices;
- o Creating business opportunities through encouraging economic development and providing project information

Approved by the Board of Directors January 20th, 2009

VRCA's Core Values

Fair: VRCA conducts all of its business fairly, treating everyone with whom it deals in an unprejudiced and respectful manner.

Open: Membership and services are accessible to all, regardless of size or nature of business, and everyone with whom it deals are welcomed and treated in an equitable manner.

Transparent: VRCA conducts its business in a consistent manner that is readily understood and accountable to our members.

Approved by the Board of Directors May 15th 2007
