

## Safety Award

A good safety record is an indication of a company's good safety practices and commitment to the well being of their workforce. It also is indicative of a company that can provide an owner a considerable degree of comfort when they are working on site. VRCA is pleased to provide the **Safety Award** category as a key category in our Awards of Excellence program. The Safety Awards are designed to honour those contractors who have maintained a superior safety record during the course of the year. The Safety Award will be based on a contractor's claims experience record with the Workers' Compensation Board. The categories for the awards are as follows:

<b>General Contractor</b>	<b>10-49, 999 personhours</b>
<b>General Contractor</b>	<b>50,000 - 99,999 personhours</b>
<b>General Contractor</b>	<b>100,000 - 199,999 personhours</b>
<b>General Contractor</b>	<b>200,000 or more personhours</b>
<b>Trade Contractor</b>	<b>10-49, 999 personhours</b>
<b>Trade Contractor</b>	<b>50,000 - 99,999 personhours</b>
<b>Trade Contractor</b>	<b>100,000 - 199,999 personhours</b>
<b>Trade Contractor</b>	<b>200,000 or more personhours</b>

Special recognition will be given to those companies who have zero accident frequencies in their respective categories. We encourage all members to submit for this prestigious award. To do so all you have to do is return this form authorizing the WCB to release the information on your company's claims experience record to VRCA for the purpose of determining the winning entries.

## Safety Award Nomination Form
